

The Rio Grande Valley OF TEXAS

Are you contemplating a trip South this winter? If so, join our excursion parties from Kansas City; rate for round trip, \$12.50, including meals and berth served on our standard de luxe Pullman cars. Next excursion leaves Kansas City, Tuesday, October 16th. This will be your opportunity to see your old Holt County friends at McAllen, the friends who went to the Valley two years ago and who have made exceedingly good on our famous irrigated lands. If you are suffering from asthma, catarrh or rheumatism, take this trip and find instant relief in the pure air—the sea-salt laden air—of the Great Valley of the Rio Grande—a climate without an equal on the face of the earth.

SOME MONEY CROPS

BERMUDA ONIONS—400 crates per acre; \$1 per crate, net.
CABBAGE—10 tons per acre; sold for \$125 per ton last March.
BROOM CORN—1½ tons per acre; selling now at \$325 per ton; cuts three times each year.
CORN—Yields an average of 50 bushels per acre; 2 crops per year. Sold this year at \$2.10. Harry Harness got a check for \$2,170.00 off of 22 acres of corn last month.
RHODES GRASS—Seeded once only, grows continuously without replanting; contains more protein than alfalfa, and 40 acres will fatten 200 head of cattle and keep them the year round.
ORANGES, GRAPEFRUIT and LEMONS grow beautifully, and if your fancy longs for a citrus grove in a land of perpetual spring-time, you should go to the Valley and buy a forty-acre tract, plant it to citrus trees, grow truck crops between the trees, and thus kill two birds with one stone—irrigate and cultivate your trees while you are growing your truck crops.

WLY GOOD DAILY PAPER THAT HAS NOT RAISED ITS SUBSCRIPTION PRICE YET

The St. Joseph News-Press is About
the Only One in This Section of
the Country That Can Still
Be Had at the Old Rate
of \$3.00 Per Year.

With one exception—the St. Joseph News-Press—the metropolitan newspapers in this section, have followed the general tendency to raise prices and have increased their small subscription rates. The enormous increase in a white paper and all other materials in publication of newspapers is the occasion for the advances, which are ranged from 33½ to 100 per cent. Kansas City papers that were \$2.00 and \$2.50 are now \$4.25 and \$7.50. Tulsa papers which were \$4.00 are now \$4.50 and \$5.00. Des Moines papers formerly \$2.00 are now \$4.00. Omaha papers that were \$2.00 and \$4.00 are now \$2.00 and \$6.00. Lincoln papers that were \$2.00 are now \$4.00. St. Joseph allies, with the exception of The News-Press, have gone from \$2.00 to \$4.00. The St. Joseph News-Press has not raised its price and is still \$3.00 per year by mail. This paper has endeavored to meet the increased cost of paper by economies in its circulation department and has dispensed with its traveling collectors, relying upon its subscribers to forward their subscriptions when due.

The News-Press continues to be as it has been, an excellent daily newspaper giving the news of the world. It has many interesting and important features and an accurate and complete market report. The News-Press cartoons are widely copied and its editorial expressions of sound American laws.

No increase in subscription price has yet been announced, but with the steadily rising markets it is impossible to say how long the old rate will continue. Those who want a thoroughly high-class, independent, patriotic American newspaper with the complete news of the world and commercial markets, should subscribe promptly at the old price of \$3.00 per year. Check or money order.—Adv.

To Have White Way.

The Forest City News, in its issue of last week, in speaking of the wiring of that city by the St. Joseph Transmission Company, preparatory to lighting the city, says:
"Forest City will also have a great White Way, on both business streets. Beginning at the L. P. Sentney corner there will be three or four white way lights on each street running north and east from that corner. This will be a great improvement in lighting circuit and give the city council a better opportunity for providing more street lights, which will make the town more attractive, for a well lighted town attracts more people than a dark town."

"The city will also make a few other improvements, by changing the hitchrack, north of the power house, and setting them over nearer the railroad tracks and grading up the street, and making it level where the racks now stand, for the parking of automobiles and putting in more hitchracks in other parts of the city. This will give the auto drivers a good place for their cars, as well as a good place for hitching of teams."

"The street running east and west, between the cider factory and W. P. Grable's property, is being widened, and graded, making it a much better street."

Wants Them Shot.

Houston, Texas, October 1.—Judge Waller T. Burns, of the United States District Court, in charging the federal grand jury, at the beginning of the September term today, after calling by name Senators Stone, of Missouri; Hardwick, of Georgia; Vardaman, of Mississippi; Gronna, of North Dakota; Gore, of Oklahoma, and La Follette, of Wisconsin, said:

"If I had a wish, I would that you men had jurisdiction to return bills of indictment against these men. They ought to be tried promptly and fairly and I believe this court could administer the law fairly; but I have a conviction as strong as life that this country should stand them up against an adobe wall tomorrow and give them what they deserve."

"If any man deserves death it is a traitor. I wish that I could pay for the ammunition. I would like to attend the execution, and if I were in the firing squad I would not want to be the marksman who had the blank shell."

"Deliberate judgment, supported by the head and having a warm reflective spot in the heart, prompts these words."

A Close Call.

Lloyd N. Kunkel, who is with the 124th U. S. A., Heavy Field Artillery, Camp Cody, Deming, New Mexico, while out with a few members of his company on a little pleasure trip, met with what might have wound up his earthly career at once. He said he heard a buzzing sound, and when he awoke he found himself on a stretcher in the hospital with his head all bandaged up. It seems as though a spent ball, from somewhere, struck him in the center of his forehead. His heavy hat and rim band, no doubt, saved his life. He says he will always have a triangular scar in the middle of his forehead. Lucky indeed that it was no worse. He is able for duty again. Lloyd is a son of Rev. B. N. Kunkel, of Ohiowa, Nebraska, and a grandson of J. H. Kunkel, of this city.

C. is a fine fellow, and we wish him success wherever he may go.

Facts About Holyoke, Colo.,

(COUNTY SEAT OF PHILLIPS CO.)

I SELL LAND AT HOLYOKE

First, because it is the County Seat.

Second, because the people I deal with are responsible and have lived in and around Holyoke for 32 years and saw the country develop since before the railroad came into Holyoke and before there was a town on the high line, whose judgment I should think would be better than a person who had lived in the country a year or so.

Third, because around Holyoke is to be found the largest amount of uniform land, smooth, deep soil, dark in color and free from magnesia.

Fourth, because my people can and will make terms. Will loan 50 per cent of the value of the farms—either a government land bank loan or local money.

Fifth, because we can show you in crops which are second to none, and which will compare favorably with irrigated land or with the crops grown in Holt County, Missouri.

Sixth, because we can sell you good land cheaper than you can buy inferior land in other localities.

Seventh, all that I ask is that you believe no man. Let me show you and if you find that I have misrepresented anything, I will refund your fare and expenses.

Every Woman Should Use Town Talk Tablets for Comfort

Women that are thin, pale, hollow-cheeked, sunken-shouldered who are losing flesh, can't sleep, have foul breath, bad taste in the mouth, who worry, fret, have hysteria and crying spells, and are all run down, have ailments produced by a diseased or impoverished condition of the blood. Their poor bodies need nourishment. Town Talk Tablets cure all these symptoms as if by magic. They cure the periodical sufferings that are peculiar to women. It makes them healthy and happy, because it puts new life into their system, new energy into their veins, which nourishes the lungs, the heart, the kidneys, stomach, bowels and other organs. Here is a woman who has passed through the sufferings that thousands of women just now are experiencing. Mrs. N. A. Hatch, of 80 Park Avenue, Brooklyn, Mass., says:

"For a long time I was in a terrible run-down condition with female trouble, which my physicians called different names. I suffered terribly at periods, and could get no relief. I heard of Town Talk Tablets which a number of my neighbors were taking, every one of whom had some good report to make about them, so I got a bottle. They helped me at once, so I got another. After the second the pains left me, and my old periodical sufferings came no more. I kept at it, taking several bottles, but now am entirely cured. I do my own work, and never have a pain. I am gaining in strength and flesh every day. There is certainly nothing more that can equal Town Talk Tablets." \$1.00 a bottle. Mailed by Home Relief Laboratories, Boston, Mass.
